

The founder and "Fishmonger" of the company, Thomas Kraft CPA, has developed the company from those early days into a multi-faceted operation that processes, manufactures, distributes and even demonstrates for local and national accounts.

Our boats fish daily and we buy fresh 6 days a week. The management team has a cumulative 200+ years of seafood processing and merchandising experience. We recently passed USDC inspection to become a certified USDC inspected facility. We will be the only USDC inspected seafood facility in the Hawaiian Islands. This will add further to the level of confidence you may place in our products.

Our aim is to continue enhancing our lead in Hawaii as a "Best of Breed" processor and distributor of seafood products.
